## Kasbah

Earthy atmosphere Finish inspired by manual stucco, which manages to capture all its texture and relief. Genuine, warm and welcoming, this spatulato effect porcelain tile achieves visual interest and personality with a manual stucco inspired finish, of which it manages to capture all its texture and relief. Kasbah is well-being, its natural characteristics evoke the beauty of earthy elements and favour the design of welcoming and luminous atmospheres in neutral tones that add elegance and dynamism to the spaces. Kasbah presents a handcrafted and balanced surface in three earth tones, sand, grey and terracotta, which can be harmoniously combined with other decorative elements such as Deko Fez. Furthermore, the shades of Kasbah have been chosen to achieve a perfect balance when combined on the wall, in 60x120 7mm format, with porcelain tiles with a richer chromatic richness such as Gris du Marais or Avalon, offering the possibility of covering walls and floors with an integrated style. In the white format, it takes centre stage, reinventing itself with a matt finish that exudes elegance. Each piece seems to be wrapped in white silk that accentuates the delicacy, adding a touch of softness that caresses the eye and the touch. Bernini enables bold combinations and contrasts, liberating aesthetics from the conventional.
