# Kenia

Rustic elegance. Kenia is a walk through natural landscapes that evoke the serene beauty of this region, a porcelain tile that evokes the luminous and rustic warmth of wood. As in nature, light and dark beige tones intertwine in perfect balance, in a collection that reflects the harmony of the earth. The deep minkcoloured veins, which sometimes run across its surface, add to its rustic appearance, recalling the contrasts and textures of untreated wood. In addition, Kenya not only captivates with its beauty, but also complies with UPEC certification, guaranteeing high resistance to wear and tear, making it a practical and durable choice for any space. This collection has been designed with the purpose of perfectly complementing the ambience of balanced spaces, as well as the diversity and cohesion of nature in Kenia. Available in large 20x120cm and 30x120cm formats.
