Bosco

Unpredictable character. A technical prodigy that defies the senses, Bosco is able to capture the essence of the freshly cut wooden slats—their knots, tones and unique irregularities—in a porcelain proposal for floor tiles in which, as in nature, it is not possible to find a pattern. Tailored to those captivating souls that do not look like anyone, this collection replicates the unpredictable natural wood in three hues—Roble, Visón and Gris—full of colour ranges and nuances. The collection also features a decorated option, Suite Bosco, which provides the effect of small wooden planks.
