Koronis

Essentially White. Straight lines, simple shapes, neutral colors, clear and wide spaces: Scandinavian style mixes sophistication and functionality. Inspired by Nordic minimalism, the Koronis Collection allows, in addition to "total White" environments, composition with warm, colorful or aged elements, creating prominent and contrasting spots. The wide porcelain tile, available in matte or polished finish, makes it possible to create a unified architecture, where elements are added and harmoniously integrated, resulting in comfortable environments with personality.
