Gravity

Gravity is the synthesis of Hygge inspiration and Danish contentment in a ceramic format: A scheme of tranquil colours coexisting in pleasant and intimate ways. To the harmony and calm provided by its horizontal lines, the delicate touch of this collection's texture and its micro-reliefs is added, created to produce sensations of well-being and relaxation. This white body collection offers an extended format and white or grey relief matte finish in 40x120cm. The suite version reinforces the intensity of the horizontal bands in the way of laminas with two complementary textures.
