#### Destonified

#### Critical angle of slip (DIN 51130 - Ramp)

Critical sliding angle (DIN 51130 - Ramp): R-9

#### Recycling

Recycled:

## Marble Athea

Athea is a deep marble, with a crystalline pristine background. Translucent in appearance, like Arctic ice or Onyx, this technical marble impresses at first sight. The depth of the wavy veins and striking texture, typical of this semi-precious stone, are present in this porcelain tile in a polished 60X120R finish with a format that further adds to the natural look. This Super Collection includes, in addition to the 60x120 model, the 120x120 size and the larger 120x250 cm formats for eye-catching, seamless floor-to-ceiling installations.
